

Item P14-0882

Doorjak™ Door Installation Cart

Sturdy and portable door installation cart. Lifts and transports up to 250 lbs. Powder coated with attachment strap will not scratch prefinished doors. Non marking full swivel wheels with locks. EZ release pin moves door from transport mode to release mode quickly and easily. Door height adjuster handle fine tunes door position within 1/64", and has a 2" overall lift. Hand wheel aligns door in/out of true plumb. Independent controls for right and left height adjustment. Unit has simple fold-down release, for easy storage and transport. Folds to 26" x 45" x 7". Weight: 60 lbs.
