

Item P14-0321
EZ-Line™ Retractable Lifeline System

The most user friendly and fastest horizontal lifeline system to install, remove and store on the market today! EZ-Line's innovative retractable design allows the user to quickly and efficiently set-up any length of system in only seconds and dismantle it just as quick. The entire 60 ft. EZ-Line system is retracted into an easy to carry case which eliminates large and bulky coils of cable that are difficult to set-up, relocate and store. Additionally, EZ-Line weighs only 25 lbs. which is 33% lighter than traditional systems providing ease-of-use and added worker satisfaction. Retractable lifeline is simply pulled out for installation and retracted with the built in winch for dismantle. Attaches to any 5,000 lb. rated anchorage connector or stanchions. Provides hands free horizontal mobility and continuous protection for **2 users per span**, up to 6 users per system. **Includes 60 ft. lifeline, 1/4" galvanized cable, tension and impact indicators, two connecting carabiners and carrying case.**
