

Item P10-9705

Fein Pneumatic Caulking Cutter

This is a pneumatic oscillating tool designed for industrial use. The Fein caulking cutter removes caulking quickly and cleanly from expansion joints and facades. It removes sealant from bathroom tile or marble, and glazing putty from wood or aluminum window frames. Tool comes with pull cable and a wrench for blade changing. Light weight, only 1.9 lbs. Uses only Supercut blades.

Specifications	
Working Pressure	87 psi
Air Consumption	23.3 cfm
Blade Vibrations	20,000 per minute
Hose Size	5/16"
Tool Weight	1.9 lbs.
