

Item P14-1600
Fiberglass Step Ladder - Type 1A - 300 lb.

Type 1A, 300 lb. rated industrial step ladder, excellent for jobsite use. Inside spreader braces help protect braces from getting hooked or abused in transit. Durable molded top with slots to help keep tools close at hand. Vertically mounted U-shaped back braces are spaced at one foot intervals for maximum stiffness. Steps are double riveted with steel rivets for maximum shear strength. Slip resistant rubber feet. Meets all OSHA requirements and the ANSI A14.5 standard.
