

Item P12-1506

3M Fire Block Foam

Fire Block Foam is a ready-to-use foam fireblock designed to help prevent the spread of flames and smoke in residential Type V and non-commercial rated construction*. Quickly seals openings, expanding up to 200% in volume. Heat resistant up to 240° F. Bonds to most building materials, excellent as a draftstop and a thermal insulator. Tack-free in approximately 5 minutes. Tested to ATM E 184 (modified) as a Type V residential fireblock. Color: Orange.
