

Item P14-9894

Guardian Series 3 Universal Harness

Guardian Series 3 full-body harness feature durable water-repellant, contrasting core webbing that makes any damage easy to see, greatly improving the inspection process. Snap-on shoulder pads increase comfort and are removable for washing. The SRL connector loop allows you to mount a personal SRL while keeping the D-ring free for incidental tie-offs. Webbing ends are folded and stitched with rubber tabs for durability, and rubber web keepers prevent loose straps from interfering with your work. Dual lanyard keepers safely store unused lanyard legs, and the spring-loaded torso adjusters make fitting the harness fast and precise. **The Series 3 Universal Harness can be purchased separately, or as a kit. Each Kit comes with a large, durable carrying bag and your choice of two different lanyards: a 6' Internal Shock Absorbing Lanyard or a Stretch Lanyard that expands from 4 1/2' to 6'.**
