

Item P18-0087

LPS 3® Heavy Duty Rust Inhibitor

Long term protection LPS 3® protects metal parts stored indoors for up to two years. It forms a soft, self-healing, waxy film that acts as an effective barrier sealing out moisture, acid, dirt, sand, dust and other corrosive elements. LPS 3® also provides non-sling lubrication. Safe to use on most surfaces. Does not contain any chlorinated solvents or silicone. 11oz. aerosol can.
