

Item P10-1230

Metabo 7" Angle Grinder

Heavy-duty 7" angle grinder. Spindle lock for quick and easy wheel changes. Switch lock to avoid accidental starting. The rear handle can be turned in either direction through 90° without the use of any tools and engages in these positions. This feature is ideal for jobs with cut-off wheels and also for left-handed users. **Standard equipment: Side handle and wheel guard.**
