

Item P13-1647
Metabo HPT 10" Sliding Dual Compound Miter Saw with Laser Marker

Metabo HPT 10" sliding dual compound miter saw with laser marker offers the ultimate in form and function for trim carpenters, framers and woodworkers. The positive stops on the miter and bevel scales make for easy to read measurements and quick settings. With a 45 degree dual bevel angle range users can quickly flip the saw blade and leave the material in place. The linear ball bearing slide system and white on black miter scale provide superior accuracy and visibility.

Specifications		
Amps		12
