

Item P89-2206

Metabo HPT 3-1/2" Paper Collated Framing Nailer

The NR90AD(S1) framing nailer drives paper collated nails from 2" up to 3-1/2" in length and features Hitachi's next generation "industrial design." The redesigned head guard allows for faster and easier disassembly process, saving valuable time during tool maintenance. Weighing only 7 lbs, it is easy to use all day, while still providing the power of a bulkier, heavier nailer. It can be used for floor and framing, truss build-up, window build-up, sub flooring, roof decking, wall sheathing and housing construction. Selective actuation switch allows for quick transitions between sequential and contact nailing with the simple flip of a switch. Tool free depth of drive adjustment to flush drive or countersink into varying material. Includes: safety glasses.

Specifications	
Fastener Type	Paper Collation
Magazine Angle	30 Degree
Fastener Length Capacity	2"- 3-1/2"
Fastener Diameter Range	.113 - .148
Magazine Capacity (.131)	50-74 (.131) Nails
Magazine Loading	Rear
Operating Pressure	70-120 PSI
Air Consumption	100 PSI .09 scfm
Jam Clearing	Open Nose
Actuation	Selective
Dimensions	18-3/16" x 4-15/16" x 12-11/16"
Weight	7.0 lbs
