

Item P89-2207

Metabo HPT Siding Nailer

The NV65AH2 coil siding nailer brings power, precision and convenience to the jobsite. Capable of driving nails as large as 2-1/2" x .099" at a rate of 3 per second. With added features like a selective actuation switch, side-load tilt bottom magazine and repositioned depth of drive adjustment dial, this professional siding nailer gets even better. Additional features such as the adjustable air deflector, no-mar nose cap and plastic shield add convenience, and the ability to use both wire or plastic sheet nails creates flexibility. **Includes safety glasses and no-mar nose cap.**
