

Item P10-0154

Multiquip Vibratory Plate Compactor

Honda GX-160 engine offers reliability of easy starting and low oil shutoff. Diagonal heavy-duty shock mounts. Protective frame with tubular steel roll bar protects engine components and provides central lifting point. Anti-vibration handle dramatically reduces operator fatigue and increases productivity. Sealed belt cover keeps dirt and rocks out of and extends belt life. Convenient oil drain. Cog-tooth belt drive enables longer life compared to conventional V-belts. Removable water tank for easy refilling and removable without tools – 11.5 quarts. Eccentric assembly conveniently located in front for easy maintenance. Open base plate design makes for easier removal of dirt and rock build-up.

Specifications	
Steel plate Size	17.7 x 22
Weight:	181 lbs.
Centrifugal force	5,058 lbs.
