

Item P13-0600

Pipe Dies for Universal Die Heads

Pipe dies listed up to 2" fit Model 711 Universal Die Head. These dies also fit Models 504A, 815A, 713 and 811A Ridgid die heads. Dies larger than 2" will fit both Models 714 and 914 Die Heads. Right handed.

Alloy Dies -Come standard with Ridgid threading machines. Most economical and adequate for standard metal pipe threading.

High Speed Dies -Higher quality dies will outperform alloy for up to two times longer die life.

Stainless Steel Dies -Designed specifically for Stainless Steel threading. Use only in stainless applications (do not try to thread non-stainless pipe after using these dies in stainless steel).

NPT (National Pipe Thread)

Item	Description	Attributes
13-0600	High Speed	Size: 1/2"-3/4" NPT
13-0602	High Speed	Size: 1"-2" NPT
13-0603	H.S. Stainless	Size: 1/2"-3/4" NPT
