**Item P16-0137**

**Adjust-A-Link Sling**

Adjustable two leg chain sling replaces many larger, more expensive slings. Easily adjustable for a wide range of applications. Master control plate is heat treated alloy steel for strength and reliability. Grade 100 Chain provides higher capacities and can not be removed from the master control plate, so capacity rating will not be compromised. Master plate and hooks powder coated yellow to prevent rust and extend sling life.
