

**Item P15-1531**

**Ramset® T4SS Fastening System**

Ramset's T4SS is the best-balanced tool available and is the preferred tool for the mechanical, electrical, and plumbing trades. It is easy to use overhead and in tight spaces with an adjustable depth of drive for optimal performance. Tapered design allows for reach into tight areas. Smaller 510-shot fuel cell to keep better track of the day's progress. Fuel and battery gauges eliminate interruptions, while the auto shut-off/on avoids drain on lithium-ion battery. The T4SS provides the benefits of shooting a gas tool with reduced installation time and operator fatigue. **Includes: (2) lithium-ion batteries, charger, and safety glasses.**
