

Item P25-0413

Ridgid 16 Gallon Motor-On-Bottom Wet/Dry Vacuum

Powerful 6.5 peak horsepower wet dry vacuum a durable, long-lasting motor and two-piece polypropylene drum construction to meet the higher demands at jobsites. Motor on the bottom design makes accessing filter and emptying drum cleaner and easier. Quick-access debris door let you dump larger debris into the drum and continue working. Sturdy cart, push handle and large rear wheels allow the vacuum to travel easily up/down stairs and over rough terrain. Scroll Noise Reduction® provides quiet operation. Accessory caddy keeps accessories close by and locked in when emptying. **Includes: vacuum, 2 extension wands, 2 1/2" x 8" premium locking pro hose, utility nozzle, wet nozzle, crevice tool, car nozzle, noise muffler/diffuser, locking accessories, and fine dust filter.**
