Ridgid RE 6 Electrical Tool

Introducing the world's most versatile electrical tool, featuring the Innovative 3-in-1 Ridgid® QuickChange System™. Cut wire, crimp lugs and punch boxes with just one tool via the patent-pending RIDGID QuickChange System. 6-ton hydraulic force output to cut and crimp up to 750 kcmil (MCM) and knockout punch up to 4". Automatic ram retraction when cutting and crimping. 360° head rotation increases maneuverability. Bright white LED illuminates workspace. Service Interval: 32,000 cycles.

SC-60C Scissor Cutter Head allows electrical contractors to cut numerous types of wire without having to switch blades or buy numerous tools. Cuts up to 750 kcmil (MCM) copper/aluminum building wire and 500 kcmil (MCM) copper fine stranded wire.

4P-6 4PIN™ Dieless Crimp Head quickly crimps up to 750 kcmil (MCM) cable. Its slim latching system allows for work in tighter spaces.

PH-60C Knockout Punch Head punches up to 4" holes in 12 gauge mild steel and 14 gauge stainless steel and is compatible with knockout punch dies from RIDGID and other manufacturers.

Kit includes: RE 6 Electrical Tool, (2) 18V Advanced Lithium batteries, charger and blow-molded case.
