

Item P13-9075

Smoke Test® Smoke Detector Tester

Easy and safe way to test the functional ability of a smoke detector. Smoke Test also checks for obstructions and debris which can hinder a smoke detector's abilities. Simulates smoke to provide a true functional test. The aerosol spray reaches up to 60 ft., allowing test to be done while standing on floor. Leaves no harmful residue. Contains no ozone-depleting chemicals. 6 oz. can. 12/case.
