Tuflex® Polyester Roundslings

The Tuflex Roundsling is an endless synthetic sling made from a continuous loop of polyester yarn covered by a double wall tubular jacket. Using a Tuflex Roundsling will save you time and money, and in many ways, is safer than traditional nylon and wire rope slings:

- Soft cover won't scratch load surface.
- Conforms to shape of load for reduced load damage and a more secure grip on the load.
- Lighter weight and more pliable than a wire rope sling for easy rigging, transporting and storage.
- Synthetic material won't cut hands.
- Each Roundsling is tagged for identification.
- Economical.
