

Item P13-3345

Vader Combo from Brass Knuckle®

Vader Combo is a vented splash goggle with integral face shield. Meets ANSI Z87.1+ shield with wide 180 peripheral vision and face coverage. In addition to impact standards, the goggle carries a D3 rating for droplet and splash protection. Soft rubber seals around the nose, eyes, and brow with roomy OTG (over the glasses) design. Does not contain silicone; ideal for paint booths in which silicone is often the cause of paint contamination. The military style, aqua-green splash goggle offers reverse venting for added comfort; soft rubber seals around the nose, eyes, and brow; and meeting the industry's most stringent anti-fog rating.
